DESTINATION

For destination weddings, two shooters will be at the reception back home and if two shooters are needed at the ceremony itself, I'll hire an assistant at the destination (there are professional assistants everywhere) at no additional charge to you.

For weddings outside of Oklahoma, the only extra costs involved are:

- Airfare
- 3 nights hotel
- per diem
 - \$75 in U.S.
 - \$100 outside the U.S.

Something to think about...

Photos the day after your destination wedding are a great way to get some extra shots of just the two of you in a variety of locations and in a more relaxed atmosphere. There is no additional charge for these shoots. Plus you're there, so why not?
